Prior Violation History: None

SUMMARY

During the defendant's initial intake interview, he indicated he had last used marijuana on or about May 7, 2008. Furthermore, he indicated he had been smoking marijuana almost daily prior to May 7, 2008. The defendant also indicated he was taking hydrocodone for a prior back surgery. He provided Pretrial Services with a prescription for the hydrocodone.

The defendant submitted a urine specimen on May 20, 2008, which confirmed positive for marijuana (68 ng/ml). Supervising Drug Analysis Specialist, Paula Svandova, indicated this may be attributed to the defendant's stated marijuana use history and his last admitted use. Additionally, Ms. Svandova indicated further monitoring of the defendant's drug-testing results will determine whether or not the defendant has been using marijuana while on pretrial release.
